FORCE 5

The FORCE 5's convenient design and durable body allows for it to be used in virtually any weather conditions or the comfort of your living room. Never search for your lighter again, vaporizers are equipped with heating coils. This product is typically referred to as the "Anytime – Anywhere" vaporizer. Designed with simple functionality in mind, this is for those who don't want all the "bells and whistles" just a pure vaporizing experience.

Operation is Simple!

- 1) Unscrew the middle section and fill the ceramic heating chamber with dry materials
- 2) Push the button 5 times to Unlock the FORCE 5 Battery
- 3) Attach the battery to the atomizer
- 4) Hold the button until it glows Blue indicating your heat coil is On
- 5) FORCE 5 automatically shuts off after when not in use, or a manual Lock can be performed by pressing the button 5 times on the battery

What's in the box?

- | | |
|------------------------------|-------------------------|
| 1 x Lithium ION battery | 1 x Cleaning Brush Tool |
| 1 x Ceramic Heating Chamber. | 1 x Packing Tool |
| 1 x Chamber Connector | 1 x Wall Adapter |
| 1 x Ceramic Filter | 1 x USB Charger |
| 1 x Mesh Filter + Spring | 1 x User Manual |
| 1 x Rubber Mouthpiece | |

FORCE 5B

FORCE 5B may look like your average vaporizer, but never judge a vaporizer by it's cover. This little gem is designed for frequent users who like easy clean options. Most vaporizer coils are deep in the heating chamber, which can make cleaning debris a delicate process. The Force 5B has an exposed heating coil for direct access to removing build-up. Frequent cleaning is recommended to extend the life of your vaporizer. The entire Force series come with cleaning tools for your convenience.

Operation is Simple!

- 1) Fill the ceramic heating chamber with dry materials
- 2) Push the button 5 times to Unlock the FORCE 5B Battery
- 3) Attach the Battery to the Atomizer
- 4) Hold the button until it glows Blue indicating the heating coil is On
- 5) FORCE 5B automatically shuts off after when not in use, or manual Lock by pressing the button 5 times on the battery

VAPE APE

A Full Kit Includes:

- Metal travel case
- Dabber packing tool
- 1 Stealth battery
- 1 Glass Globe with eNail
- 1 Mouth piece and USB charger cable
- Waxy stash container

E-Nail

The enail is an activator for the vapor, it is securely attached to the Glass Globe with not one but two rubber gaskets that hold the enail in place, it can be removed any time needed!

Mouth Piece

The mouth piece is attached to the end of the vapor and is interchangeable or can be removed and cleaned after usage.

Glass Globe

The Glass Globe encloses the enail activator which contains an electronic filament that creates the vapor.

Stealth Battery

The VapeApe battery is a rechargeable unit that utilizes the USB charger cable that comes with the kit. The battery is removed from the rest of the vapor unit and charged safely.
