If you didn't know the news by now...

Liquid Blue has acquired the assets of The Mountain brand tee shirt line.

And with this union you can now benefit in a big way. Now you can stock yourselves with not one, but two legacy brands of homegrown tie-dye goodness.

You can buy both brands from your sales rep and know that both brands will ship from one location. So it's one order and one delivery.

Two big brands. Nice.

Take advantage of what these lines have to offer. Expand your retail presence with these eye-catching and compelling tee shirt designs.
